# STANDARDS AT GHS ARE HIGH, PTA IS TOLD

Requirements for graduation at Gettysburg High School are considerably higher than state minimum standards, High School Principal Clifford B. Snowberger told members of the Gettysburg High School Parent-Teacher Association at the organization's January meeting at the school Thursday evening.

Noting that the school here requires 20 academic credits for graduation as against the minimum of 16 set by the state, Mr. Snowberger said:

"Although this may seem to be a quantitative approach, the quality is available here for any student who, with his parents' help, wants a quality education. National test results have shown that Gettysburg High School graduates place well above average in nearly all fields.

**GHS OFFERS MORE**

"A comparison of our academic offerings with those of three well known private schools in which some of our former students are now enrolled reveals that Gettysburg offers as much as, and in several instances more than, these private institutions and our grading standards in one instance required higher scholastic standards."

Mr. Snowberger discussed curriculum changes in the last three years, current course offerings and plans for the future.

He said that the number of class periods in the daily schedule has been increased from six to seven and there have been 14 curriculum changes during the three years he has been principal.

In an effort to meet the varying needs of many types of students, "our school must offer a diversified program of studies," the principal said. A third and a fourth year of French, of Spanish and of Latin are available if enough students enroll in such courses. A minimum requirement of 12 students is generally observed. Also in the language field, German and Russian courses have been offered. So far not sufficient students have shown an interest in Russian to warrant a class. It is hoped that interest will increase in this field. German classes are currently being conducted.

**HUMAN RELATIONS**

Public speaking was required of nearly all Freshmen last year, but it is offered as an elective with 22 students enrolled this year. Also in the Ninth Grade, a new course in human relations is being given four days a week to all nonacademic students. Academic students have a guidance class once a week because of their crowded schedules.

A three-year elective program in art has been added to the high school program. This program is for those students who show a high degree of interest and skill in this field. For this reason the number in these classes, as in advanced Latin, often may be under the minimum standard of 12 students per class.

Graphic arts, including printing, has been introduced as a three-year elective program. It is designed to interest young men in the art of printing and to give a foundation for those who desire to pursue engineering fields in college. In addition to the graphic arts, the industrial arts department offers senior high industrial arts to boys who have been outstanding in the junior high program of industrial arts.

**MATH EXPANDED**

The Home Economics Department also offers a senior-high course for girls in home economics.

Senior Math, a refresher course, enables the students to "know what it's all about in mathematics." This course reviews arithmetic from First to 12th Grades. Students have, Mr. Snowberger said, expressed an interest for this course. The math program has been expanded elsewhere to include statistics and other first-year college subjects for the more advanced students.

Journalism is offered in the 11th Grade to those students who eventually will staff the school newspaper, the Maroon and White. Mr. Snowberger noted the outstanding nature of this publication which has already won many awards, and predicted that the Maroon and White soon will be "one of the best school newspapers in the country."

**SPACE SCIENCE**

In the science field, one of the two changes has been the inclusion of an Earth and Space Science class. This course is for the

**THIRD SERVICE IN SERIES AT ZION LUTHERAN**

Using a replica of the statue "Christus Consolator," which stands in the lobby of Johns Hopkins Hospital, Dr. Harry A. Price of the clergy staff of that hospital said Thursday at Fairfield that Christ is the "supreme comforter to everyone who will come unto him."

Rev. Price spoke to a well filled Zion Lutheran Church audience in the third of a week-long series of prayer and preaching services. The statue in the Baltimore hospital has at its base the invitation of Jesus in which He calls all those who are weak and heavy laden to come unto Him. Rev. Price pointed out that only Jesus could dare make such an invitation because "only Christ has the power to back the invitation up with action."

Dr. Price said, "There are two elements in Christ's invitation and in the statue, power and tenderness." There is much power in the big outstretched hands of Christ but also compassion. They are extended in a loving fashion. Christ directs His attention toward man. He is for this reason that the statue looks down to man and, to really grasp its full dimension, one must get on one's knees. So it is with our own relationship with Christ. He always looks down to help us but we must get on our knees to receive His help and blessing."

**CONCLUDES SUNDAY**

The worship was led by the Rev. Gerhard Klassen, pastor of the Fairfield Mennonite Church, and a quintet from the church sang the anthem "Glorious Things of Thee Are Spoken."

Earlier in the day Dr. Price addressed the housewives of the community at a coffee klatch in the Lutheran parish hall. He spoke on a "Protestant View of Marriage" and led a discussion on the role of family devotions in the marriage relationship. The morning session was directed by the Rev. John N. Paden, pastor of St. Robert's UCC in Fairfield. Mrs. Catherine Spence and Mrs. Anna Miller were in charge of the nursery.

The service tonight will be led by the Rev. Edwin Coddington, pastor of Grace Baptist Church, Fairfield, and special music will be offered by the members of the Iron Springs Brethren in Christ Church. Dr. Price will speak on "The Harmony of Life." There will be no service Saturday night and the series will conclude Sunday evening. The public is invited.

# FBI SEEKING SECRET CARTON

PHILADELPHIA (AP) — FBI agents and police today sought a missing carton of classified U.S. government material bearing the markings: "Armed surveillance, U.S. government classified, confidential matter."

James J. Murphy, of Media, Pa., the armed driver of a Rail-way Express truck, reported Thursday to security personnel that he learned the package was missing when a motorist hailed him as he pulled up to a plant to pick up another package.

Murphy said the motorist told him the truck tailgate was open and he saw a package fall out. The motorist was quoted as saying that the package was picked up by someone from a black car, which then pulled around the truck and drove off in the Nicetown section of the city.

Magilton said the package measured 17 inches by 17 inches.

# BUS DRIVER IS BACK ON JOB

PITTSBURGH (AP)— Frank Seitz was back driving his bus today, two days after walking off the job in protest against rowdy students he was transporting.

Seitz, 51, quit Wednesday during the middle of his route. He halted his bus at a busy intersection, ordered the rowdy students off and then called his boss to come and get the bus because he was going home.

A 15-year employee of the Pittsburgh Railways Co., Seitz asked for his job back Thursday at a hearing. A company spokesman said he never lost it.

"We think Seitz did the right thing," said R. A. Hamilton, an official for the firm. "Maybe a little impulsive. But he did what he had to do."

The public thought so too. Hamilton said the company received many telephone calls praising Seitz' action and not one was received condemning the driver.

Hamilton said high school students have been giving company drivers a rough time for months.

# Tries River Swim On Bet—And Loses

PITTSBURGH (AP)— Richard Swearingen bet \$25 he could swim across the Allegheny River, police said. He lost the money and almost his life.

Swearingen, 30, a Pittsburgh maintenance man, started his swim Thursday on the downtown side of the river and got half way across. He then realized he wasn't going to make it, grabbed a bridge pier and holed for help.

A photographer for a city television station noted Swearingen's plight and called his station. A newscaster hurried to the scene, procured a motorboard and rescued Swearingen from the frigid water.

Swearingen was hospitalized for shock and exposure.

# STOCKS IRREGULAR

NEW YORK (AP) — Gains by steels, a spurt by Chrysler, and losses by some blue chips highlighted an irregular stock market early this afternoon. Trading was active.

The Associated Press average of 60 stocks took a minor loss of .40 at 2:50.30 with industrials down .10, rails down .20 and utilities down .60.

A drop of about 3 points by Du Pont and losses of some other issues included in the popular market averages accounted for the sag in these indicators.

For the market as a whole, changes were mostly narrow.

Chrysler's rise was accompanied by surprise news that the company plans to introduce a new medium-price car model. Rural motors were mildly depressed.

WASHINGTON (AP) — The chairman of the House Appropriations Committee promised today to cut President Kennedy's new budget, although he said he was not familiar with its details.

# 3rd Underground Launching Good; 3600-Mile Target

CAPE CANAVERAL, Fla. (AP)—A Minuteman intercontinental-range missile roared out of an underground pit today and successfully hit a target 3,600 miles down the Atlantic range.

It was the third straight underground launching success for the pushbutton solid propellant weapon which is scheduled to be operational next summer.

The Air Force reported all test objectives were achieved. Major goals were over-all performance of the three-stage vehicle and to measure temperature, pressures, acoustics, vibration and shock effects of the subterranean firing on the rocket.

A great cloud of fire and smoke rushed out of the 85-foot-deep silo as the first-stage engine ignited at the bottom. Seconds later, the 58-foot rocket zipped through the smoke and raced toward its target.

# WANTS MORE STATE AID IN WESTERN PA.

By JOHN KOENIG JR. Associated Press Special Service WASHINGTON (AP)—Gov. David L. Lawrence of Pennsylvania hopes something may be done to extend state aid to higher education in Western Pennsylvania.

The governor, here Thursday to visit federal officials said in an interview if this could be done it would balance opportunities to be offered college students in the eastern part of the state under new proposed aid to Temple University.

The proposal contained in Lawrence's budget presented to the state's General Assembly would increase Temple's share in state aid from the present \$2.4 million to \$4.2 million. The university would be required to make certain modifications in its state charter.

TEMPLE PATTERN The conditions, to which Lawrence said university officials have agreed, would include adding nine Commonwealth trustees to the university board, reducing tuition for Pennsylvanians while raising it for out-of-state students, and accepting 900 additional students next year.

Lawrence said this would help more deserving students who lack funds to obtain a college education.

He discounted fears expressed in some quarters that the opening up of new aid for Temple, a private university in Philadelphia, might divert some funds that otherwise would go to Pennsylvania State University and the 14 teachers colleges recently converted into general state colleges.

ONE SUGGESTION "Penn State is getting a 15 per cent increase in its appropriation under the budget," said Lawrence, "and the other colleges won't lose out either."

"The whole plan was designed to give more students a chance to go to college, and I'm hoping something similar can be worked out for the western part of the state."

He said this might be done by enlarging Penn State facilities in that area. The state university already has a number of college centers around the state supplementing its main campus at University Park, Pa.

Dear friends,

Do you know that the funeral director is under heavy penalty if he fails to conform with certain state regulations? We have always been glad to cooperate with the authorities in these matters because we realize the importance of their demands.

Each death is reported on a standard form. This information is used statistically, to indicate the development and control of disease. The welfare of the public is thus served.

## COUNCILMEN GET TANGLED IN THE TWIST

TAMPA, Fla. (AP) — Tampa city councilmen got all tangled up in "the twist" but when the show was over—and it was a good one—the gyrating dance fad was still taboo at city recreation centers.

Councilman Bill Myers made a game try in a losing cause. He even gave a demonstration in his efforts to sway the council to overrule the recreation department's ban on the twist.

Myers, 45, a fellow of medium build, cavorted a few steps for the benefit of other councilmen Thursday and described the dance thusly: "With one foot, you make cut like you're stamping out a cigarette. At the same time, you move both hands like you are drying your back with a towel."

"It's like doing calisthenics except you stay on your feet."

### BANNED 4 TO 3

But his exhibition and lecture failed to persuade enough of his council colleagues. They upheld the recreation department ban by a 4-3 vote.

"It isn't as bad as the black bottom and they didn't outlaw that," Myers contended. "They used to do the charleston in short skirts above the knees. And besides, anything as hard to learn as the twist, they shouldn't outlaw it."

After the vote, television cameramen went to the council chamber and filmed a twist demonstration put on by Myers, and councilmen Fletcher Stribling and Sam Mirabella—who said he was "taking lessons from my nieces."

The session was enhanced by the participation of an office secretary, shapely Sylvia Roque.

## 2 PAPERS MAY CLOSE DOORS

LOS ANGELES (AP) — The Hearst family's Examiner and the Chandler family's Mirror are reported about to cease publication.

Neither family, whose members have been newspaper rivals for more than half a century in what is now the nation's third largest city, would comment on the reports.

Several sources published stories saying the morning Examiner would suspend publication after Sunday and that the afternoon Mirror would end with today's editions.

At a time when American newspapers are enjoying their widest circulation, the trend is to fewer newspapers. A recent survey shows circulation at more than 60 million daily.

If the reports about the Examiner and Mirror are true, two newspapers will remain to serve the Los Angeles metropolitan area of 6½ million population.

The two are the Chandlers' morning Times, key in the family's large business-publishing enterprises; and the Hearst's afternoon Herald-Express.

## Ohio State Wins Rice Grid Award

NEW YORK (AP) — Ohio State, champion of the Big Ten, was selected today by Look Magazine as winner of the 25th annual Grantland Rice football award.

Ohio State, which had an 8-0-1 record in 1961, received 11 out of a possible 15 points.

Texas and Alabama were tied for runnerup.

### "MOST OF ALL"

After the last notes faded away . . . and I am all alone . . . I wander back to yesterday . . . and hear a sweeter tone . . . for yesterday we danced as one . . . to music soft and low . . . while sharing dreams that came to be . . . a long, long time ago . . . the warmth of your tender eyes . . . still lingers in my heart . . . to make me wish that we were near . . . instead of far apart . . . to think that one short day ago . . . I held you in my arms . . . but now only an emptiness . . . replaces wondrous charms . . . somehow each second is aglow . . . and echoes in my mind . . . perhaps one day I'll learn the reason . . . fate was so unkind . . . but until then I'll always keep . . . that yesterday on call . . . and in this way I'll never lose . . . what matters most of all.

## Weather

Extended forecasts for Jan. 6 through Jan. 10:

Eastern Pennsylvania, southeastern New York and New Jersey—Temperatures are expected to average three to eight degrees below normal. Cold at the beginning of the period, moderating a bit after the middle of the period and turning moderately cold at the end. Precipitation may total three-fourths of an inch to one inch, occurring as rain or snow along the coast and snow inland.

Middle Atlantic States—Temperatures will average two to five degrees below normal. Becoming colder Saturday, followed by continued cold through the first of next week. Precipitation amounts will average more than one-half inch, occurring as rain Saturday and as rain or snow the first of next week.

Western Pennsylvania—Temperatures will average two to six degrees below normal. Turning colder Saturday, followed by a warming trend about Tuesday. Precipitation will average one-half to three-fourths of an inch melted, occurring as rain or snow Saturday, snow flurries Sunday and Monday and rain or snow about Wednesday.

BIRMINGHAM, Ala. (AP)—The City Parks and Recreation Board closed down the four integration-threatened municipal golf courses this week. Maintenance men filled the hole on each green with dirt. But rabid duffers don't give up easily. Several have been spotted making the rounds almost as usual. They told newsmen they either charge themselves with two putts on each green, or putt at an imaginary hole.

WASHINGTON (AP)—President Kennedy's plan for a Social Security health program has a low priority on the schedule of the House committee that may hold the key to its adoption or rejection.

Some Democratic leaders are tagging the proposal for hospital care for the aged under Social Security as the party's No. 1 domestic goal for the 1962 congressional session.

WASHINGTON (AP) — The United States and South Viet Nam have announced a broad program aimed at bringing speedy improvement in the living standards of the South Vietnamese people.

The objects of the joint effort, announced Thursday night by the State Department and in Saigon, is to rally popular support for the government of President Ngo Dinh Diem.

## STANDARDS AT

(Continued From Page 1)

academic students only at present.

The other change in the science field is the addition of a sixth period a week to the schedule for biology, physics, and chemistry. This extra period makes it possible to have a double-period laboratory class at least once a week.

A recent addition to the program is in the Physical Education and Health Department. Gettysburg High School is one of 20 pilot schools in the President's National Physical Fitness Program. Although only two periods a week are now assigned to this program, Mr. Snowberger anticipates increasing this to four periods a week next year.

There are seven courses offered at the local high school: Advanced academic college preparatory, academic college preparatory, general college preparatory, business education, vocational agriculture, vocational home economics and a general course.

The first three courses are to prepare students for college. The more advanced courses are more rigid and designed to prepare students for the stiffer requirements of some more discriminating schools such as Harvard, Yale, etc. The advanced group, during their senior year, will be taking subjects equivalent to college freshman work. The two academic groups are required to take four years of math, four of science, and four of languages, in addition to the four years of English and four years of social studies that are required of all students at Gettysburg High School.

The general college preparatory people need have three years of science and math and two years of language; the four other credits may be electives.

"DUE OF FINEST" One of the "finest departments," Mr. Snowberger said, is the Business Education Department. In addition to getting a solid background for office employment, its students are qualified to attend state teachers' colleges, some liberal arts colleges and business schools. Six of the 11 girls who took Federal Civil Service examinations last spring qualified for maximum salary positions. The business education program includes two years of typewriting, two years of shorthand with transcription, office practice, business English and business math.

The vocational programs of the agriculture and home economics departments can lead to college if the student does a diligent job in his studies and also supplements his schedule with some subjects required for college entrance, the principal said. Most of the vocational students are being trained to take their place on the farms and, as housewives, in the homes of our community.

The general course is for the student who is "not sure." Such students may select subjects from several of the other courses. Some of these students prepare themselves for college, some for business positions, others just for graduation. In any case, this course can give a sound preparation and base for living, he said.

Mr. Snowberger said present facilities limit further changes and improvements until "we get into the new building." Meeting the needs of the 60 per cent of the students who do not go to college and the addition of more technical studies as background for engineering are definite needs of the future, noted Mr. Snowberger.

In response to questions, Mr. Snowberger praised the music program that includes four choirs, two bands and an orchestra, in addition to the regular music classes. He also stressed the value of the counseling done by the guidance personnel, urging parents to follow recommendations on course selections.

Rev. Edwin Elliott presided at the brief business meeting. The Rev. C. Reynolds Simmons in a short devotional period spoke of the value of knowledge as a deterrent of fear. Only 32 attended the meeting in the school library.

The next PTA meeting will be held February 8 with the following meeting on March 8. M. Francis Coulson, assistant superintendent of the county schools, will speak in March on "School Redistricting."

The meeting adjourned at 9:20 p.m.

## Lineups, Captains Elected For Bowl

MOBILE, Ala. (AP) — Senior Bowl coaches named starting lineups and the players elected captains Thursday for Saturday's clash of North and South in Mobile.

Both teams voted in their quarterbacks as offensive captains, Texas' Mike Cotten of the South and Arizona's Ed Wilson of the North.

The North quad voted 250-pound Clark Miller, starting defensive tackle from Utah State, as its defensive leader. The South chose Mike Lucci, Tennessee center who will start at middle linebacker.

SAIGON, South Viet Nam (AP) — Anti-Communist rebel activity in North Viet Nam is increasing sharply, according to government sources here.

Rebel strongholds in the inland highlands and the Red River delta reportedly are gaining strength and causing major damage to Communist plants and defense installations.

Among the areas listed as major resistance centers was the province of Nghean in the Red River delta, a region where much of the population is Roman Catholic.

be Boy Scout Sunday and he urged church attendance by the units as groups during that period.

Advancement Chairman Meriville Zinn reported plans of his committee to set a number of dates for boards of review during the coming year.

District Chairman Charles Ritter announced that the statute committee will meet Monday evening at the American Legion Home library room to make nominations for men entitled to receive the statute award for service to youth. The award will be given at the annual York-Adams Area Council dinner January 31 at the Hotel Yorktowne. The speaker at the banquet will be Paul Whithead, retired regional deputy of the Boy Scouts.

Chairman Ritter termed 1961 "the best year yet in Boy Scouting in the Black Walnut District."

He reported that the district had "met all but two of its goals in 1961." Goals met, he said, were 31 units with two deep leadership, 32 units with trained top leaders, 20 units with trained junior leaders, 25 units with outdoor activities. Goals exceeded were: 16 commissioners sought, 17 secured; 475 advancements sought, 484 made; 100 first class Scouts, 109 named; 710 subscriptions to Boy's Life, 744 secured, five units with 40 per cent first class Scouts, six achieved that goal. The district had sought to establish five new units during 1961 and had two new ones chartered by the end of the year. The goal for boys was 875. A total of 853 were enrolled by the end of the year.

Scout Field Executive Stanley C. Rogers listed these goals for 1962: 32 two-deep leadership; 32 top trained leaders, 20 units with junior leaders trained, 16 active commissioners with 12 trained, 25 units with outdoor activities, 525 rank advancements, 100 first class advancements, seven units with 40 per cent first class, 727 subscriptions to Boy's Life, four new units and 923 boy membership.

## PUBLISHER HEADS PHMC

Governor Lawrence has designated James B. Stevenson, publisher of the Titusville Herald, as chairman of the Pennsylvania Historical and Museum Commission, it was announced Thursday.

Formerly vice chairman, Stevenson succeeds the late Frank W. Melvin, Philadelphia attorney, who died last August.

The publisher has had a long and varied association with historical organizations and movements to preserve the commonwealth's heritage. He was first appointed to the commission in 1952.

He is owner of "Pithole City," an oil-boom ghost town near Titusville that grew in a few months from farmers' fields to a rollicking town of 15,000 fortune seekers after oil was discovered there in 1865. The wells were quickly depleted and the town died within two years.

Stevenson and his father, the late Edgar T. Stevenson, also once a member of the state commission, were active leaders the development of Drake Well Memorial Park, site of the world's first commercially drilled oil well. The park is administered by the state commission.

FIFTEEN YEARS AGO  
Board Orders New Equipment  
At Playground: Gettysburg's youngsters will have more equipment with which to play when the local playground opens this coming summer.  
That decision was reached Monday afternoon by the local Recreation board when it met in the First National Bank building to reorganize for the coming year and lay its plans for the coming season.  
Elmer W. Warren was re-named president for a second term, M. P. Hartzell was selected as secretary for a fifth term and Ralph Z. Oyler, was re-elected treasurer.

1946 Building In Gettysburg  
Over \$500,000: Building permits issued in Gettysburg during 1946 broke a 20-year record, according to the annual report of Burgess C. A. Heiges, submitted to the borough council at its regular meeting Monday night at the engine house.  
Eighty-one permits, with an estimated value of \$547,700, were issued during the year, the burgess reported. He said the amount was three times higher than the highest previous year in the last two decades.

The fire, investigating authorities and firemen said, apparently originated in the kitchen of the dwelling and is believed to have resulted from an explosion which occurred when the aged man attempted to kindle a fire with kerosene or gasoline.

Today's Talk

THE CRUST OF CHARACTER  
Who can tell how a house is furnished by looking at its exterior? Who can tell the manner of a man or woman by looking him or her over from the outside? Can a soul be translated as the school boy does his Latin? Why is it that people are so often misjudged? And why is it that imperfect men and women take such seeming pleasure in picking out and glorying in the faults and imperfections of their own kind?  
These are hard questions to answer. The outside of a man or woman, after all, is but the curtain that hides nobility, beauty and great heroism.  
There is nothing more cowardly in this world than to impugn the motive of a human being or to cast a shadow of reproach upon one whose inner life you know nothing about.  
Life is hard enough at the best. Imperfect people in an imperfect world do not make for perfection. That's why we have a God to Whom we may all go and open our silent hearts. Into Whose perfect heart we may pour all our problems and our griefs.  
The crust of character is for the world, but the inner heart that is so often bathed with tears is only for the eye and love of the Great Father of us all.  
It takes the courage of a conqueror to pass through some of the byways of this world.  
But we know that there are plenty of this sort — else from where do our golden friends come?

Tomorrow Mr. Adams will talk on the subject: "It's Just How" Protected, 1962, by The George Matthews Adams Service

Just Folks

A BAKER'S LOT  
The self-same man who long ago Loud grumbled at the banker's "No!"  
Now whimpers through today's distress Because too often he said "Yes!"  
In times departed we'd cry: "The banker has a fishy eye!"  
It makes no difference how we plead,  
He will not lend the cash we need.

But now to our dismay we find The banker off has been too kind. Today he's everywhere abused For loans which should have been refused.  
We used to quit him with a frown The mornings when he turned us down.  
Now epithets at him we throw For saying "Yes" instead of "No."  
A sorry life the banker leads; There's little glory in his deeds. When he says "No" the people curse; When he says "Yes" it's even worse.

U.S. BOWL TO SEE TWO GOOD KICKING STARS

WASHINGTON (AP) — Coach Bill McPeak, plagued all season long with inadequate place kicking on his Washington Redskins, will have two of the best in college ranks going for him Sunday in the U.S. Bowl.  
He'll get his first look today at the kicking of Greg Mather and Don Jonas.

Mather, Navy end, kicked the two field goals that beat Army, 13-7. He kicked 11 field goals during the season and connected on 22 of 23 conversions to establish an NCAA record of 35 points by kicking.

Jonas, Penn State halfback, kicked six field goals and 17 of 22 extra points, some of them after his shoulder was dislocated in the Syracuse game and he was unable to see other action.

MAY DIVIDE DUTIES  
"We haven't worked on kicking yet," said McPeak. "We're going to concentrate on that Friday. I'll get my first look at Mather and Jonas. I expect they may divide the kicking duties."

The game in D. C. Stadium matches draft choices by the Eastern Division of the National Football League against players chosen by the Western Division. Coach Red Hickey of San Francisco coaches the Western team. The game will be televised nationally, but will be blacked out to all stations within a 60-mile radius of Washington.

A Lovelier You

By MARY SUE MILLER  
ON A NOTE OF THANKS.  
On delay writing thank-you notes can only be thought unmannerly. An interval of 14 days is the limit, and that timing brings us up to the deadline for the acknowledgment of holiday remembrances.

Other than testing the basics of courtesy, a thank-you note tests personal charm. The first clue comes from the note paper used. It can hardly serve as a lovely's messenger unless it is

appropriate and tasteful. Generally speaking, plain, quality paper in classic colors—white, cream, gray or blue—would never play a writer false. Nor would blue and black inks.

Of course, the words on the paper are what count most. Your appreciation of a gift comes through best when you single out some detail about it that especially appeals to you. "Thank you for the cologne"—period—would express little enthusiasm and less wit.

A more gracious wording would be: "The cologne you showered on me, and I am now showering on myself, is the freshest scent that has come my way. It's like having a whiff of June in January. A bouquet of thanks to you."

In such phrasing you would show real gratitude and compliment the taste of the giver, too.

When you write a thank-you to a distant friend, there is a thoughtful touch in including home news. She will find word of you the most rewarding thanks of all.

Above all, never consider this bit of social exchange a bore or a laborious duty, for then your notes are bound to lack warmth and sincerity. Take pleasure in them, and they'll give pleasure all around.

Attention Homemakers! If housework saps your energies, looks and nerves, send for my booklet, BEAUTY OF HOUSEWORK. It explains how to keep home and self sparkling with time to spare. Also included are an effort-saving work plan, shortcuts in housekeeping, and advice on how to give yourself a beauty treatment while engaged in your duties. For your copy, write me: A Lovelier You, Box 158, The Gettysburg Times, Dundee, Ill., enclosing 20 cents in coin and a LARGE, STAMPED, SELF-ADDRESSED ENVELOPE.

WRITERS FAVOR RETURN OF TWO PLATOON BALL

By THE ASSOCIATED PRESS  
Nine years ago this month, 66 weary delegates at the National Collegiate A.A. convention passed a resolution which "emphatically asked" the elimination of platoon substitutions in football.

The subsequent action of the football rules committee in eliminating free and unlimited substitutions brought rounds of applause from sports writers and broadcasters.

For several years they had been saying that (1) A real football player should be able to perform both on offense and defense, and (2) Platoons made it too dangerous hard to remember who was in the game. The expense factor in recruiting and maintaining large squads was another objection frequently cited.

Now the experts say they want free substitutions and platoons back.

GOAL-LINE POSTS  
Forty nine of the writers and broadcasters participating in The Associated Press year-end poll—roughly one-quarter of those casting ballots—listed this as the one rule change they'd make if they had the say. The figure is comparable with the antiplatoon voting in the polls of a decade ago.

Only one other proposed change drew anywhere near as much support. There were 32 votes in favor of returning the goal posts to the goal line from the end line 10 yards back.

The No. 3 suggestion—by 19 voters — was "Don't change the rules." Others suggested by many were to increase the penalty for palping on after the whistle (14) and to eliminate the two-point conversion (13).

Arrest Fixer In Another Cage Bribe

NEW YORK (AP) — Another alleged basketball fixer was in police hands today charged with trying to bribe two North Carolina State players in 1960.

Paul Walker, 30, a New York trucking firm employee, was arrested by a detective from the district attorney's office and two special agents of the North Carolina Bureau of Investigation.

He was accused of giving Stan Newierowski, captain of the 1960-61 North Carolina State team, and teammate Don Gallagher \$1,200 each to fix the Maryland game on Feb. 13, 1960.

State, a heavy favorite, won, 46-44. Walker was charged with conspiring with Joseph Green, a convicted fixer, to shave the points.

The scandal already has involved 37 players from 22 colleges and 48 specific games.

Black Hawks Make Move Toward Top

DETROIT (AP) — The Stanley Cup champion Chicago Black Hawks, casting off the effects of their fumble start, are crawling back into contention in the National Hockey League.

The Hawks are being pushed upward by occasional victories and an abundance of ties. Their 1-1 deadlock with the Detroit Red Wings in Thursday night's only NHL contest was their 12th stalemate in 37 games.

Chicago, which started the season with just one victory in its first 11 games, has pulled to within two points of third-place New York.

An unbeaten streak of seven games is responsible for the Hawks' comeback as a challenger to league-leading Montreal and second-place Toronto. The Hawks are 11 points behind the Canadiens and nine behind the Maple Leafs.

PRO GOLFERS START TOURS  
By BOB MYERS  
LOS ANGELES (AP) — The 1962 professional golfing wars start today with one of the finessa fields in its 36-year-old history competing in the \$45,000 Los Angeles Open.

Standout players were numerous as the field teed off at the Rancho Municipal Golf Club, so much so that few would risk predicting the winner of the \$7,500 winner's purse.

Back to defend his 1961 laurels was Bob Goalby of Crystal River, Fla.

And challenging Goalby were such stars as the 1961 Masters and money winning champion, Gary Player of South Africa, and former Masters and National Open champion Arnold Palmer, who with Player cleaned up most everything in sight last year.

OTHERS PARTICIPATING  
The current U.S. Open king, Gene Littler, and America's PGA champion, Jerry Barber, were also on deck.

The event also marked the pro tournament debut of 21-year-old Jack Nicklaus, the 1961 National Amateur champion.

Ohio State's Bob Ferguson led Big Ten scorers in 1961 with nine touchdowns for 54 points. Wisconsin's Hugh (Pat) Richter was second with 42 points.

**Thursday's Score**  
Gettysburg, 69; Bucknell, 59.  
**Saturday's Games**  
Lehigh at Gettysburg.  
Delaware at Bucknell.  
Lafayette at Rutgers.

A record-breaking crowd of approximately 2,300 fans swarmed into the new physical education building to watch Bob Hulton's Gettysburg College Bullets inaugurate play on their new floor by snapping a three-game losing streak and downing Bucknell 69-59 Thursday evening.

The first night fans marveled over the huge gymnasium and its extremely comfortable accommodations. It was also noted that there was not a "poor seat" among the 3,000 seats available. Newspaper reporters also enjoyed the view from the new spacious press box atop the north stands.

The victory gave the Bullets a 4-3 record on the season and a 1-1 MAC slate. The lone conference loss came at the hands of Bucknell in Lewisburg last December 16. Bucknell, which has been having its troubles, is now 1-6 on the year and 1-5 in MAC play.

The Bisons looked as if they might repeat their win over the Bullets early in the game. Bill Storch connected on a corner jump and a two-handed rebound while Angie Gentile added a foul to move the visitors to a 5-0 lead with 3:14 minutes gone by in the game. Gettysburg finally broke the ice at the 16:27 mark when Bob Parker landed a free throw. Ted Koerner then hit from the corner and Ron Warner added a jump shot from the right side to knot the count at 14-14 with 14:46 remaining in the half. Gentile made good on a pair of free tosses, but then the roof fell in on the Bisons.

**BULLETS PULL AWAY**  
Parker rammed through a pair of goals, Koerner hit from the key and Warner converted on a three-point play to put Gettysburg in front 14-7 at the 12:33 mark and the Bullets were never behind from that point. Hulton's cagers held a 15-point lead at 6:45 and were out in front 34-29 at intermission.

Coach Ben Kribbs' team got the second half underway when Storch and Bill Fry matched shots with Warner and cut the Bullets' lead to 38-35 with 1:42 gone by in the half. Bruce Simpson, Warner and Parker then dumped four free throws and Parker hit on a lay-up following a fast break to make it 44-35 at 16:22. Bucknell was never able to cut the lead any less than six points the remainder of the contest.

Warner and Parker netted 50 of the Bullets' 69 points with Warner collecting 29. Storch and Gentile landed 12 counters each for the losers. Sophomore Doug Kepner was the game's high rebounder with 14. Warner was still a close second for Gettysburg with 13 while Mike Fadden netted the same number for Bucknell.

**FRESHMEN LOSE**  
Making good on 21 of 30 foul shots, the Baby Bisons turned back Coach John Carpenter's Gettysburg Freshmen 67-56 in the preliminary encounter. The Little Bullets rolled up 25 goals and only six of eight fouls. Bucknell registered only 23 goals. Gettysburg led 37-36 at intermission, but scored but 19 points to the Bisons' 21 in the second half.

**PHILS SIGN THREE To '62 Contracts**  
PHILADELPHIA (AP)—Three players, including second baseman Richie Allen of Wampum, Pa., have been signed by the Philadelphia Phillies for the 1962 baseball season.  
The Phillies also announced Thursday the signing of catcher Bob Lipski and pitcher Bruce Gruber.  
The 19-year-old Allen was with Twin Falls in the Pioneer League in 1961. Lipski, 23, played at Chattanooga in the Southern Association. Gruber, 19, pitched for Williamsport of the Eastern League.

**MUSIAL SIGNS**  
ST. LOUIS (AP)—Stan Musial, seven-time National League batting champion who said today 1962 will be his last year, signed a contract for a 20th full season, all with the St. Louis Cardinals.  
Terms of the contract were not disclosed, but the 41-year-old left fielder was reported to have taken a pay cut to about \$65,000 or \$70,000. He received an estimated \$75,000 last season.

Carlisle has already beaten West Shore twice by scores of 48-34 and 43-40.

## Opening "Jump" In First Game In New College Gym

Above is a photograph of the first "jump" in the first varsity game of basketball in the new Gettysburg College physical education gymnasium Thursday evening. Gettysburg defeated its ancient rival, Bucknell, 69 to 59. A crowd of 2,300 witnessed the tussle. When the work is finally completed the gym will have a seating capacity of 3,500. (Ziegler photo)

## MERMEN OPEN SEASON WITH AMERICAN U.

The Gettysburg College swimming team will inaugurate its 1962 campaign Saturday afternoon when it entertains American University in a 2:30 p.m. meet.

Curt Coull will be starting his second season at the Bullet helm. Coull is in the rebuilding process after an unimpressive 2-8 record a year ago. Coull said, "This year's squad will show slight improvement over last season, but a lack of depth will again hurt us."

Gettysburg will be able to count on an extremely strong diving unit with veteran Sheldon Brozman, a senior from Baltimore, and sophomore Scott Ashman, Pittsburgh. The divers will also be able to count on junior Al Thompson, Mullica Hill, N.J.

**NEED REPLACEMENTS**  
The main problem the Bullets face is the replacing of veterans Doug Seely and Jack Northrup. Seely lowered the school breaststroke record five times last year while Northrup was the main cog in the freestyle department. Coull has been working sophomores Bill Lohrenz, Pittsburgh, and Tom Faulker, York, in the breaststroke. Lohrenz is a strong swimmer who will undoubtedly come along fast.

Seniors Gerry Farrow, Snyder, N.Y., and Bruce Lahr, New York, N.Y., head the list of freestylers. Both men have proven they can handle both the short and long distance events. Gettysburg will have to rely on sophomores to handle the middle distances. Curt Cheyney, Havertown; Dick Jones, Scarsdale, N.Y.; and Clyde Betts, Bristol, are the leading contenders.

Letterman Bob Gillinder, a senior from Landsdale, will be the number one butterfly man, but is being pushed by junior John Soocy, Trenton, N.J. Soocy is also being counted on to collect points in the individual medley. Sophomore Harold Kulp, Philadelphia, is setting the pace in the backstroke and will probably be teamed with sophomore Fred Cole, Oaklyn, N.J.

**DEPENDS ON SOPHS**  
Coull added, "Without a doubt, the outcome of our season will depend a lot on the performance of the sophomores."

Gettysburg's schedule: January 6, American University, home; 10, Delaware, away; 13, Bucknell, home; 31, Dickinson, home; February 7, F&M, home; 10, Temple, home; 14, Lycoming, away; 17, Swarthmore, home; 28, Dickinson and F&M, at Carlisle. March 2 and 3, Middle Atlantic, home.

**1962 Game Season Dates Announced**  
HARRISBURG (AP)—The state Game Commission today set tentative opening dates for Pennsylvania's 1962 game seasons.

The final opening dates and length of seasons will be set when complete information is collected on the winter survival of game. The seasons, along with official bag limits, will be set officially at the commission's June meeting.

Tentative opening dates set today are: Archers' deer season, Oct. 1; antlered deer, Dec. 3; small game, Oct. 27; Bears, Nov. 26.

In other action the commission re-elected these officers: President, James A. Thompson, Pittsburgh; vice president, Herbert L. Buchanan, Franklin, and secretary, Dewey H. Miller, Bedford.

## Eagles Favored In Flavored Bowl

MIAMI, Fla. (AP)—The Philadelphia Eagle are slight favorites to repeat their regular season victory over the Detroit Lions Saturday when the two second-place teams meet in the National Football League's Playoff Bowl at the Orange Bowl.

The game will be covered by network (CBS) television with kickoff time scheduled for 2 p.m. (EST). The advance sales have been running ahead of last year's inaugural game, indicating a crowd of more than 35,000 if the weather continues its warming trend.

Nick Skorich, coach of the Eagles, reports his club in good physical condition.

Coach George Wilson, whose Lions beat Cleveland last year 17-16 in the first Playoff Bowl, says his team considers it has one more league game to go. "We went all out last year," he said. "And we plan to do the same thing again."

The Lions had an 8-5-1 season record to Philadelphia's 10-4 only a half game behind the Giants.

## DIETZEL WILL ASK TO LEAVE

By ED TUNSTALL  
BATON ROUGE, La. (AP)—Football Coach Paul Dietzel goes before the Louisiana State University board of supervisors today to ask permission to take the coaching job at West Point.

The military academy and LSU are involved in a catch-as-catch-can over the services of the 38-year-old Dietzel.

As the board gathered to consider the Dietzel matter, the word in the Bayou country was that Dietzel was all but delivered to the banks of the Hudson.

**GAVE INDICATION**  
Asking permission to take the Army job is an oversimplification. Dietzel still has four years remaining on a contract that calls for \$18,500 per year and he needs a release before he can journey northward.

Board member Tom Dutton said earlier this week he would ask the board to take legal action to prevent Dietzel from leaving.

But Dietzel may have given an indication of his decision on a 15-minute television sports show in Baton Rouge Thursday night.

Though he parried all direct questions, he commented that "It's been a wonderful seven years" since he took over as head coach. And, he added, "My stay at LSU has been wonderful."

## New Oxford Tops Fairfield Jr. Hi

The New Oxford Junior High basketball team defeated Fairfield 30-22 Thursday evening at Fairfield. Mike Wyatt tallied 10 points for Fairfield and Byers landed a similar number for the winners.

## PITT DECLINES COMMENT ON 6 GRID PLAYERS

PITTSBURGH (AP)—University of Pittsburgh officials remained noncommittal today on the report that six football players have been suspended from classes for disciplinary reasons.

The Pittsburgh Post-Gazette said Thursday the players reportedly suspended are quarterbacks Paul Marth and Glenn Lehner, end Robert Ostrosky, guard Jon Botula, fullback Carmen Ronca and halfback Ray Conway.

But neither athletic director Frank Carver nor head coach John Michelson would confirm the report.

"I understand there is action pending, but I do not know the extent of it," Carver said. "I understand it involves other students besides athletes."

**OUT OF PICTURE**  
"I don't know too much about it," Michelson said. "We're not exactly clear on everything ourselves. Everything is taking place outside the athletic department. We're pretty much out of the picture."

The fact that suspension action of some nature is pending on the campus was confirmed by Marth's father.

"Suspension of Paul is being considered by the university," Albert J. Marth said. "I would not care to say what the reason is, but Paul is still in school. He has registered for the semester."

"There are others involved but to what extent I don't know," he added.

None of the players could be reached for comment, but another football player, who declined to be identified, said other students were involved but only football players had been suspended.

**NO ANNOUNCEMENT**  
"It is our policy not to make any announcement on disciplinary action of students," said Dr. Alan Rankin, vice chancellor of student affairs. "It is a clear cut policy. To comment would violate this policy."

The university took the same stand during a somewhat similar incident in 1959. At that time two football players were expelled and two others withdrew voluntarily, but Pitt gave no reason for the action.

Martha, a sophomore, is the best known player in the current case. In his first varsity game, he romped 60 yards through a heavy rain storm for a touchdown that helped give Pitt a 10-7 victory over Miami. The run came on a lateral following a double reverse.

**Delaware Names New Line Coach**  
Ed Maley, former player and for the last three years assistant coach, will replace Mike Lude as line coach at the University of Delaware, it was announced today by David M. Nelson, head football coach and director of athletics.

Lude left the university this week after 11 years to become head coach at Colorado State University. The shift is the first major change in the Blue Hen staff since 1954.

The new line coach has been an assistant to Lude since he returned to the university as graduate student in September, 1959. He received a permanent appointment to the athletic staff in February, 1960.

## Former Bullet Cage Stars To Reune Saturday

More than 150 former Gettysburg College basketball players are expected to return here Saturday for a reunion after which they will attend the Gettysburg-Lehigh game on the new physical education building floor.

A dinner will be held Saturday evening in the college dining hall in honor of the former players. Dr. C. A. Hanson, college president, will deliver a brief address. The group will also hear a short review of the first seven games of the season and a preview of things to come by Coach Robert T. Hulton.

Following the dinner the former cagers will be the guests of the college at the basketball game between the Bullets and Engineers. The returning players will then be introduced at half time of the varsity game.

**Steers Eye Jets After Both Win**  
By THE ASSOCIATED PRESS

The Kansas City Steers, leaders of the Western Division in the American Basketball League and playing the best ball in the fledgling circuit, were looking warily over their shoulders today at the streaking Los Angeles Jets.

The Jets, winning their fifth in succession, knocked off the New York Tapers 107-104 Thursday night and remained 2½ games back of the Steers, who beat Chicago's Majors 94-93 on a basket by Bill Bridges at the game-ending buzzer.

The triumphs boosted Los Angeles' record to 22-13, second only to Kansas City's 25-11 among the eight ABL members.

In the only other game scheduled, Pittsburgh's Rens defeated the Hawaii Chiefs 104-101 and took over first place in the Eastern Division by a half-game over idle Cleveland.

**EX-FIGHTER DIES**  
PITTSBURGH (AP)—John Patsy Brannigan, 75, a veteran of more than 400 prize fights, was found dead Thursday along railroad tracks in suburban Bellevue.

Authorities said he probably was struck by a train.

Brannigan was a fighter for some 25 years, competing in the bantamweight, featherweight and lightweight divisions.

## BOY ADMITS FATAL SHOT

UNIONTOWN, Pa. (AP) — A hearing was scheduled today for a 16-year-old boy who, state police said, admitted slaying his uncle with a rifle.

Police said Randolph William Lewis, on probation for truancy, told them he shot Oliver Tate, 47, with a .22 caliber rifle early Thursday at the home of Jim Guthrie, Tate's brother-in-law, in nearby Georges Twp.

Lewis gave himself up to his probation officer in Uniontown after fleeing to Cleveland to see his mother and returning here, officers related.

They quoted Lewis as saying he went to Guthrie's home with Tate after stopping at several taverns with his uncle. The boy became frightened at some of Tate's actions, but then Tate fell asleep.

After sitting in a chair for about two hours holding a rifle, Lewis said he got up and the weapon "suddenly went off." The bullet struck Tate in the forehead.

The boy then took Tate's car and drove to Cleveland to see his mother, Mrs. Hanna Lewis.

Mrs. Lewis heard about the shooting on the radio later in the day. Unaware that her son had any prior knowledge of the shooting, she took some relatives and the boy and returned to Fayette County in another car. Lewis surrendered to the probation officer when they arrived here.

## ERRORS CRAM ARMY'S LIST

WASHINGTON (AP) — The Army set some sort of promotion record today, upping nine officers from lieutenant to colonel. But it turned out to be a typographical error, including the date of promotion—Dec. 32.

Included in the long promotion roster distributed by the Army were nine names under the heading: "Lt. to col., dor 32 Dec. 1961."

Translated from Army language this means promotion from lieutenant to colonel—a jump of four grades—with Dec. 32 as the effective date of rank.

Army officials said that instead of "lt." it should have read "lt. col." for lieutenant colonel. They didn't have to explain there are only 31 days in December.

### ADENAUER IS 86

BONN, Germany (AP) — West German Chancellor Konrad Adenauer turned 86 today and one official suggested a new nickname for him.

Ever since Adenauer took over the leadership of West Germany in 1949 he has been known—affectionately by his friends and sarcastically by his foes—as der alte, the old man. Today, one of his officials quipped he should be renamed der ur-alte, the ancient one.

### DEN MEETING HELD

The January study topic "Knights of Yore" was discussed by Mrs. Blanche Wolfe, den mother at the meeting of Cub Scout Den 3 held Thursday evening at Mrs. Wolfe's home on S. Queen St. The discussion followed the routine opening. There was a birthday party in honor of Cub Danny Brown. Refreshments were served. Mrs. Wolfe and Mrs. Annabelle Ohler, den mothers, and Gerry Altoff, den chief, were in charge. The den project will be selected at the meeting next Thursday evening. The den will join the remainder of the pack to attend the union preaching mission service next Wednesday, meeting at 7:15 p.m. at Redeemer's Church.

### 4 Officials Lose Rights To Vote

PHILADELPHIA (AP) — Four former election officials have lost the right to vote.

Convicted last March on charges of willful neglect in allowing the registration of fraudulent votes, they were disenfranchised Thursday by Judge Joseph Sloane of Quarter Sessions Court.

Sloane also gave the four suspended sentences and ordered them to pay costs. They had been officials in the Third Division of the Fifth Ward during the May, 1958, primary election.

The defendants are Mrs. Anna M. Antonelli, 47; Mrs. Katherine V. Kelly, 52; Mrs. Julia Hurwitz, 33; and Joseph J. Condra, 50.

Sentencing had been delayed pending appeals.

### Sportsmen Will Elect Wednesday

Election of officers will take place at the meeting of the Littlestown Fish and Game Association, Inc., next Wednesday evening at the clubhouse, Germany Twp., near town. Previously nominated were: President, John Morehead; first vice president, Paul L. Hollinger; second vice president, Stanley Keefer; corresponding secretary, G. Richard Knipple; financial secretary, Charles M. Morehead Jr.; treasurer, Kenneth Bortner; fieldmen, Ivan E. Arentz, James U. Bowers, Rodney Harner, Marvin Miller, Glenn C. Bowers, Kenneth Byers, Albert M. Starnes and Edward H. Leister; director for five years, Robert Gladhill.

The Fish and Game Association will convene at 8:30 p.m., following the community preaching mission services. Refreshments will be served by Walter M. Morelock, Lewis U. Motter and Robert J. Myers.

## Epiphany Is Meaningful To Christians, Says Pastor

By REV. JOHN C. CHATLOS  
Pastor, Incarnation Church,  
Emmitsburg, and St. James  
Church, Littlestown R. 1

### THE MEANING OF THE EPIPHANY

We celebrate the Epiphany of our Lord on January 6. Epiphany is one festival of the church year which is often overlooked, yet it can become as meaningful to us as Christmas Day itself if we fully understand it. In fact Epiphany is often called "The Gentiles' Christmas" because it honors the visit of the Wise Men to the Baby Jesus. This visit is the first record in the Scriptures of Gentiles coming to worship the newborn Saviour. The Epiphany is the "manifestation" or the "show-

ing" of the infant Jesus as the Son of God and the world's deliverer.

These Wise Men or "magi" who visited the Christ Child were astrologers or students of the stars. Tradition says there were three of them: (1) Melchior of Damascus, (2) Balthasar of Babylon, and (3) Caspar of Shushan in Persia. The fact that these wise-men were "foreigners" to the Jewish faith reminds us that Christianity is a "world-wide faith." Christ was born to be the Saviour not only of the Jews, but of all men who believe in Him.

When these men came to Jerusalem, they demanded: "Where is He that is born King of the Jews?" We have seen his star in the East and are come to worship him" (Matthew 2:2). These men, in spite of their learning, must have been humble men, for they allowed themselves to be led by the star. They looked for help from above. They were men of faith, for they believed in a power greater than themselves. They were men of determination, for they persisted in their search until they found the Christ Child. This quest for Him involved traveling hundreds of miles under adverse conditions over land and water. They must have asked themselves over and over again: "Will we ever find Him?"

When they saw the star, they rejoiced with exceeding great joy. And when they were come into the house, they saw the young child with Mary, his mother, and fell down, and worshipped him: and when they had opened their treasures, they presented unto him gifts — gold, and frankincense, and myrrh."

**CHOICE TO MAKE**  
Although these men had promised Herod that when they found the Messiah they would return to him to tell him where Jesus was, they were "warned of God in a dream that they should not return to Herod, and they departed into their own country another way" (vs. 12). These men now had a choice to make. They

could either be faithful to King Herod or they could be faithful to the Baby Whom they had seen. They chose to be faithful to the Child. Having seen the Christ Child and believing that He was their Saviour they could not possibly have returned to Herod who sought the Child's life. They were compelled to return home a different way because their lives had been made different — these men had been transformed by this wonderful experience of having seen the Son of God.

Even so, our lives can be utterly changed — transformed, if we like the Wise Men, will truly believe that the Babe of Bethlehem is the Son of God and our Saviour. Who can save us from sin and from spiritual death.

## Will A Penny Do?

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

What is she thinking about, as she watches the flickering candle flame? There is a far away look in her eyes that makes one wonder. Yet, if she were offered a penny for her thoughts, she would probably only shrug and say, "Oh, nothing," in that maddening little way children have.

Watching her absorbed in her reverie is like an illustration of how closed one mind is from another. No one can ever know completely what another person is thinking. A thought expressed out loud all too often leaves something out of the telling. And most thoughts are never expressed at all.

Even should we wish to, we cannot entirely share our minds with one another. But we can share them with God. In the Church we can find the way to tell Him all our hopes, our fears, our loves, our angers, our pride, our pain.

Go to church this Sunday—and turn your own thoughts into prayer.

# SEN. WADE IN CONTEST FOR PA. GOVERNOR

HARRISBURG (AP) — State Sen. George N. Wade, 66-year-old insurance man from nearby Camp Hill, set his sights on the Republican nomination for governor today, promising to campaign for more jobs and improved education.

The Cumberland County Republican officially entered the 1962 gubernatorial race Thursday night at a dinner meeting of GOP chairmen from seven mid-state counties.

"I will conduct a strenuous and intensive campaign throughout the state," the energetic Wade told his audience. "I've already had calls from four county chairmen and agreed to go into their areas very early in the campaign."

Wade is only the second Republican to announce publicly he will seek the GOP gubernatorial nomination. The other is Elkins Wetherill of Plymouth Meeting.

Pennsylvanians will elect a new chief executive Nov. 6 to succeed Gov. Lawrence, a Democrat.

In announcing his candidacy, Wade listed industry and education as his key campaign planks.

"We must improve Pennsylvania's industrial climate and its opportunities for high employment," he declared. "I believe the citizens of our Commonwealth prefer gainful employment to miserly relief."

**HITS DPI PLANS**

As for education, Wade had this to say:

"The vital problems of education in our Commonwealth are in the hands of a department dedicated to theory, rather than a practical program. Their noble experiment in school redistricting is a further encroachment on home rule."

His reference was to Pennsylvania's new mandatory school reorganization program which calls for compressing the state's some 2,000 school districts into larger, but fewer units, by 1965.

Wade also pledged his support to efficiency in government.

**LOCAL LEADERS THERE**

"Swollen state payrolls and disregard for traditional rights are a hallmark of the Democratic administration," he charged. "We must insist on a return to the efficiency that will reinsure taxpayers' confidence in our state government."

Present at Thursday night's meeting were GOP chairmen from York, Cumberland, Adams, Perry, Franklin, Mifflin and Juniata counties.

The Adams County delegation at the dinner, headed by County Chairman H. Earl Pitzer, included State Committee member Fred G. Pfeffer; Orville B. Orner and S. B. Miller, of the county finance committee, and G. W. Leffler, registration chairman for Adams County.

Also on hand were Republican Reps. Arthur George of Carlisle, Lester Zimmerman of Juniata County and Harry W. Orice of Mifflin County and State Sen. D. Elmer Hawbaker, a Republican, from Mercersburg.

Wade has been a state senator since 1941. Before that he served two years in the House. He has lived in Camp Hill since 1924.

The Republic of Indonesia ranks as Southeast Asia's biggest and most populous nation. Its 92 million people represent a dozen ethnic groups, scattered across some 3,000 equatorial islands.

# JACKIE AGAIN LEADS LIST OF BEST DRESSED

NEW YORK (AP) — America's First Lady has again been elected the world's first lady of fashion and is joined on the 1961 best-dressed list by her sister and a Palm Beach neighbor.

Jacqueline Kennedy was a landslide winner in the annual poll conducted by the New York Couture Group, Inc., of some 2,000 fashion experts, writers and designers throughout the world.

The group's style committee said she brought "the Kennedy era of young elegance." She also headed the 1960 list.

**OTHERS ON LIST**

The First Lady's sister, Princess Lee Radziwill, and Mrs. Charles Wrightsman, a friend and neighbor, were also among the 12 women on the official 1961 list.

The committee also announced election to the Fashion Hall of Fame, a permanent group selected from three-time winners on the annual poll, of Mrs. Norman K. Winston of Paris and New York and actress Audrey Hepburn.

**"MOST ELEGANT"**

Runnerup to Mrs. Kennedy on the 1961 list was Mrs. Loe Guinness of Paris and Palm Beach, a Mexican-born grandmother described by some fashion journalists as "the most elegant woman in the world."

The complete 1961 list: Mrs. John F. Kennedy, wife of the President.

Mrs. Loe Guinness, wife of an international banker.

Princess Stanislas Radziwill, London.

Queen Sirikit of Thailand.

Signora Gianni Agnelli, Turin, Italy, wife of a Paris banker.

Mrs. David Bruce, wife of U.S. ambassador to Britain.

Madame Herve Alphonse, wife of the French ambassador to the United States.

**NOT ALL RANKED**

Princess Alexandra of Kent.

Mrs. Charles Wrightsman, New York and Palm Beach, wife of an oil millionaire.

Mrs. John Barry Ryan III, New York.

Signora Umberto Agnelli, Turin, Italy, sister-in-law of Signora Gianni Agnelli.

The committee said that the list after Mrs. Kennedy and Mrs. Guinness denotes no particular vote ranking.

Miss Hepburn, who is Mrs. Mel Ferrer offstage, and Mrs. Winston now leave the annual list competition by virtue of their elevation to join 16 members of the Hall of Fame.

# VATICAN WILL ACCEPT CUBAN

VATICAN CITY (AP) — The Roman Catholic Church disclosure that Fidel Castro and his top officials have been excommunicated will not keep the Vatican from accepting a new Cuban ambassador, nor will it keep the Cuban government from sending him.

Vatican sources said today Luis Amado Blanco y Fernandez, named by Castro to the ambassadorial post vacant more than a year, would be received in line with diplomatic protocol.

The Cuban Foreign Ministry said in Havana Wednesday disclosure of the excommunication that Blanco y Fernandez, a Spanish-born dentist and journalist, would leave for the Holy See Jan. 9.

Blanco y Fernandez' name appears on the 1962 list of diplomatic representatives accredited to the Vatican. Sources said the list took some time in preparation and his name would not have been included if there were plans to re-ject him.

A canon law expert in the Vatican secretariat of state disclosed Wednesday that Castro and top officials of his pro-Communist regime had been excommunicated.

JACKSON, Miss. (AP) — Negro and white spectators sat together in the gallery for the first time in years while Gov. Ross Barnett addressed the newly convened Mississippi Legislature.

Seven Negroes, including key integrationists, took gallery seats Wednesday shortly before the governor's speech. Surprised officials held a hurried conference, then decided to let them stay.

# RED BOASTS MAKE THEIR FACES REDDER

MOSCOW (AP)—A photograph distributed by the Soviet government as evidence in its charges against West German Gen. Adolf Heusinger gave Moscow propaganda chiefs red faces today.

Foreign Ministry officials declined immediate comment when told a photograph they had distributed—purporting to show Nazi soldiers burning a Russian village at Heusinger's order—was actually one the Soviet government had previously issued of Japanese soldiers burning a Chinese village.

"We will investigate," they said. It was one of the biggest propaganda slipups in recent years.

The news reached Moscow in the issue of the West German magazine Stern dated Jan. 7. It was confirmed here by reference to the original document.

## CALLING CRIMINAL

At a news conference Dec. 12, the Soviet government demanded that the United States turn Gen. Heusinger over to the Soviet Union for trial on war criminal charges. Heusinger, 64, was chief of operations of the German general staff until 1944, chief architect of the postwar West German army and now is chairman of the North Atlantic Treaty Organization permanent military committee in Washington.

The United States denounced the charges as a "crude propaganda maneuver."

## Firemen Stymied At Call For Help

WINSTED, Conn. (AP)—It was hard to tell Wednesday night who needed help most—the people who called for a fire truck or the deputy fire chief who tried to respond.

The deputy chief, Theodore Vaill, publisher of the Winsted Evening Citizen, received the call and went to a fire house to take a fire truck to a smoke-filled home.

But he remained a prisoner at the fire house. A latch on the overhead doors jammed—and even his fire ax wouldn't budge it.

Vaill then asked headquarters to turn in a general alarm.

Most of Winsted's 130 volunteers responded—some to the fire house to rescue the deputy chief and truck, others to the home full of smoke.

All ended well. Vaill was freed. The smoke in the home was caused only by burning food. No body hurt, and no damage done.

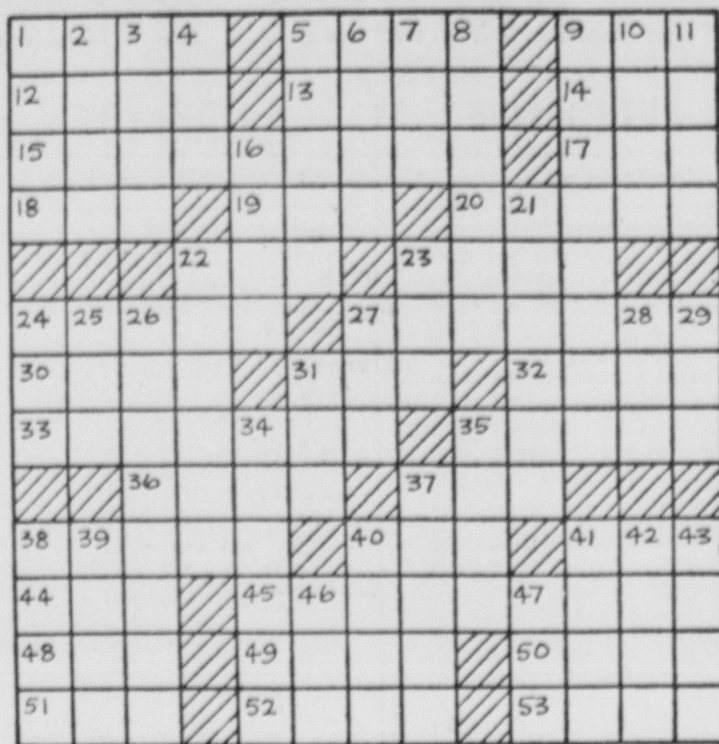

LISBON, Portugal (AP)—Dr. Luiz Stau Monteiro, son of the former Portuguese ambassador to London and a liberal lawyer and writer, has been arrested by the political police, left-wing sources said Thursday.

Monteiro was an associate during the November election campaign of Capt. Joao Varela Gomes, leader of the New Year's Day assault on the Beja army barracks. Presumably his detention was in connection with the investigation of the attempted revolt.
